

ISCMS-Lite

A Service Upgrade on Freight Forwarding

WHAT IS ISCMS-LITE?

ISCMS-Lite (International Supply Chain Management Service) combines our professional logistics teams at origins + a digital collaboration platform, PODIUM; designed for Small-to-Medium-sized-Enterprises to transform from basic freight forwarding services to advanced visibility and control over your supply chain. OOCL Logistics has industry know-how to redefine the supply chain and integrate into your process quickly and easily.
